

PLAY AREA CLEANING, MAINTENANCE & INSTALLATION

With artificial grass you can offer outdoor play to the children throughout the year. Many schools and nurseries have benefited from our artificial grass installations. Areas that were previously unusable due to mud or hard concrete have been given a new lease of life, offering the children a great, multi functioning, fun surface for learning and play. With artificial grass you can offer outdoor play to the children throughout the year.

PLAY AREAS

We have professional installation teams who are able to transform your outdoor space from the initial site visit right through to the very end. We work with you, listening to your ideas and finding out exactly what you want to get from your new outdoor space. All staff are enhanced DBS checked and are used to working within a school environment.

Installation

Our teams can work within a time frame to suit you, often working over weekends and school holidays to minimise disruption to school life. We realise the importance of limited time constraints and budgets and we always aim to exceed your expectations.

Warranty

All our work comes with a 15 year commercial warranty and the artificial grass that we install comes with a limited 10 year guarantee to give you real peace of mind.
